

## Greenwood City

— Mrs. Collis Morgan, Corres. —

There has been fun as well as sadness in the days of this week; all have been busy. I have prepared and frozen vegetables, made three kinds of pickles and made apple pies for the freezer.

One afternoon three cousins invited me for a ride and a picnic. We went through Grafton Notch, Enrol and the 19 Mile Woods to Berlin. It was so pretty along the river where we stopped for a picnic.

We have been grocery shopping and to the library. I attended the funeral of a cousin which was the sad part of the week.

On Thursday eight teachers and one guest met at Lettie Brooks' farm where she and I had prepared a New England boiled dinner. That was really a fun time.

On Saturday Rena Curtis and I attended the wedding of a niece at South Paris. She was surely a pretty bride.

Then of course the lawns needed a "hair" cut so I did that as a final task of the week.

Clyde was hard at work harvesting his garden, picking plums, pears, and apples. So go the days! At the Hayes Homestead things have been quiet this week, few callers.

Eva Schools and mother, Mrs. Ladd called to see me recently. A nice surprise.

There was an accident at the farm resulting in the death of a nice cow. In some way she fell into that small brook which runs through the field. What really happened we'll never know.

Madge Bland and Sylvia Cummings, sisters, came to see their cousins, Fay Holt and Bernard. All had a nice visit.

On Saturday, Leonas and Fay Holt had a nice ride to Dexter to see their son David and his wife, Sally, as well as little Mary Fay. Dale and Marcia Mills of Shapleigh had dinner with us on Saturday.

As I walked to the farm on Friday I noticed a small gathering of flickers. When this happens they discuss their air routes south and it catches me by surprise that summer is waning and autumn is just over the hill or across the valley. Usually the flickers are here until mid September.

The barn swallows have already held a conference on our telephone wires and decided it's time to leave. We see very few now.

As we sat on the lawn one evening we decided it's the light and shadows instead of the weather that tell the birds it's moving time.

At the call of a katydid I was reminded of the old saying, Six weeks from the first katydid to the first frost. Oh, dear, can it be so soon?

Schools opening this week? Can it be that I'm getting old? My memory turns back and strays to my teaching days at this time in the one room school house.

The school-room wasn't designed to make noisy the road to learning. Things did improve from the wood burning stove to an oil burner, then to floor heat over my 42 years there. Ages of pupils ranged from a precocious five to fourteen.

The midmorning and mid-afternoon recesses, and the lunch hour were high spots of the day. Those afforded just time enough for games such as Prisoner's Base, Way Over and others. Unforgettable, too, was the long walk home for many. Some walked through winter rain and snow or muddy roads as did I. In winter, darkness fell before or shortly after reaching home.

Maybe these were some of the reasons why the products of the one room country schoolhouse were so successful. Education came the hard way; you didn't take it lightly, and it stuck with you.

I have many thoughts of my pupils at this time of year and as I write at my desk I look up to my plaque that has the names of all my pupils through the years 1926-1983 in the Greenwood City School.

A new adventure starts today; A whole new world unfolds. As five-year-olds go off to school Not knowing what it holds. Exciting things help eager minds To learn to count and read; It can't be done in just one day, But this day sows the seed. Soon strangers turn into good friends. And fears into delights; First day at school begins the climb That leads to unknown heights. Erma Stull Grove

Monday, Ray Harrington drove Tom, Robbie and Peggy Harrington to Logan Airport for their flight to Germany. Tom is based at Kaiserslautern and Robbie at Darmstadt. Doesn't seem as though they were home long enough.

Maude Harrington watched a moose ambling down the road by her house, Monday.

Saturday, the Bethel Greens enjoyed the final event of their baseball season. They received awards, trophies and special recognition at a picnic with their families at

## Upton

— Mrs. Arline Bernier, Corres. —

A yard sale purchase of a 50 year old book revealed a clipping with these excerpts, "President of Smith College said girls arriving have lost the capacity for solitude. He urges parents to make time for children to be quiet alone. With theaters, movies, radio and parties, parties, parties, there is no time when a child can possess its own soul. Boys and girls are caught up in a wild whirl of activity such as earlier generations never knew and could not have endured. We remember wistfully our own childhood with long hours of quiet reading, golden daydreams or simple idling. Telephones come ringing, automobile horns tooting, new films at the movie house. neighbors doing this and that, our children must not be left out. A wise parent cuts through and provides periods of solitude. The child must get to know and live at peace with himself, and discover his inner resources. He must have time for books, thoughts, wonderings, daydreams. Capacity for solitude is insurance against dullness and despair which may come when everyone seems busy or far away. Then the test—will it be loneliness or aloneness—an eagerly awaited chance to think and do many things, all by oneself? It will be tragic if we rear a generation incapable of the creative joys and contentments of solitude."

This article reminded me of the city gentleman in my father's General Store gushing about the serenity and beauty of the country. He kept remarking how lucky we were to live here and how little we appreciated it until Dad could stand it no longer and drily told him we were here year round by choice, not by ignorance of urban existence.

Many of today's country people are city people living in the countryside and children's imagination are off-shoots of what someone has planted in their minds through T.V.

The church services are now held at 2:30 instead of 2 p.m. Last Sunday the congregation was invited to a fellowship hour at Andy Aron Sr.'s home on Blueberry Hill.

Inter Stephen Weiss from the osteopathic hospital in Biddeford, and a friend from Wisconsin who is also studying medicine, spent a short vacation at Dr. Barnes' Lodge. Steve plans to eventually become more closely related with Doc in his practice at Hiram.

Due to the absence of half the members of Ladies' Aid, the regular meeting was postponed.

We have been butchering our young chickens which have had good care, plenty of feed and water and shut up from nightly predators. The care is for our benefit so they can supply us with chicken dinners.

If they were aware of this and had a choice, I wonder if they prefer the risks of the wild where they might live for years, less comfortably at times but free of that certain early fate—the axe.

Humans may choose between the risk of a life under the reign of Christ which may be hazardous and rocky but free from the certain death of sin unconfessed and unforgiven or live a perhaps more comfortable world life with trust in mankind with his knowledge and intelligence which can only result in that certain death from which there is no resurrection.

## FROM THE BETHEL AREA HEALTH CENTER

The Bethel Area Health Center remains committed to preventive medicine and community education. Therefore, this year, in addition to our ongoing programs, the education committee, in conjunction with the S.A.D. 44 Adult Education program, has developed a monthly miniseries program which will be held on the second Thursday of the month at 7 p. m. in the Telstar Library. The subjects will vary greatly in order to offer something to everyone in the community.

The full schedule of topics will be offered elsewhere in the Citizen in the near future. However, we would like to announce that the first miniseries will be held on Oct. 13. William Whitney, M.D., pediatrician, Joan Whitworth, P.A., and several area citizens will conduct a panel discussion. The topic will be "How to get the most from your Doctor's visit." The program will be open for general discussion and a question and answer period. We hope that there will be an opportunity for exchange of opinions and ideas at this program and we are looking forward to community participation.

In the area of preventive medicine the Center offers a number of ongoing health education programs.

Prepared childbirth classes, eight weeks in length are held three times a year. Hypertension education is an ongoing program which is aimed at helping people with High Blood Pressure understand their illness and provide them with ways to help control their blood pressure through healthy living habits. A smoking cessation course will be offered both in the fall and spring of the coming year. Also included in the ongoing programs are Infant Pediatrics, a Baby-Sitting Course and Self Care for Senior Citizens. Starting dates for these programs will be announced soon.

We at the Health Center are excited and enthusiastic about both of our educational programs, ongoing and miniseries, and look forward to the coming year.

(Tri-Town Ambulance & Emergency Rescue Service)

The Bryant Pond ambulance has its new letters painted on the sides, saying Tri-Town Rescue. Many thanks to Micky Limatita of West Paris for doing an excellent job.

Ten Tri-Town members took the I. V. maintenance course at Stephens Memorial Hospital last week. This enables these attendants to transport someone with I. V. in place. It takes quite a few steps for Tri-Town to be licensed to start an I.V. at the scene. Congratulations to the members who have taken this next level of training. No longer will a nurse have to ride with a patient from one hospital to the next when the patient needs an I. V.

The auxiliary meeting is scheduled for Tuesday night, Sept. 6, at Katherine Hakala's house in Greenwood City. All meetings are open to anyone interested.

The children are excited to get back to school. West Paris started Tuesday, Woodstock and Locke Mills started on Wednesday. Please remember to stop when coming in either direction for a school bus with flashing red lights. Little children boarding and getting off the bus are some times hard to see.

## From the Editor

## A DISSERVICE

A front page article in the weekly newspaper serving the Norway-Park area last week did a disservice to a vast majority of the teachers in S. A. D. 44. Anyone reading the article citing complaints regarding a teacher's morality, and having no knowledge of District 44 would tend to paint all the male teachers with the same brush.

It is unfortunate that the apparent source of statements that were the story's basis was five-month School Director Merion Brown of Bethel who with eight years of public service as Bethel's Town Clerk possibly should have realized that complaints of this nature are to be referred to the proper authority for investigation, as public boards frequently are required to sit in a quasi-judicial capacity in such matters. Members of a School Board have no authority as individuals except as might be delegated by the Directors acting in concert. In fairness to Mr. Brown, it should be noted that it was his belief that he was not to be identified as the source of any information. The mere identification of him as a Board member, to the uninformed, tends to lend credence to any statement.

Personnel matters, particularly at the investigative stage, in our opinion, have no place on the pages of a newspaper. This type of reporting tends to prejudice a potential defendant, and all of the person's colleagues, if the accused is unnamed.

We certainly do not condone the alleged wrongdoing, a teacher having sexual contact with a student, but do submit that being to an extent a microcosm of society, the profession has its share of bad "apples" and "applesauce". Those who are not as sophisticated as they purport to be and who are unable to conform to a societal behavioral norm, should be weeded out. The other teachers of the District should not have to bear the onus of a vague identification as "staff member" in the public print.

The fact that this situation reportedly has been resolved will probably be a disappointment to those among us who take vicarious pleasure in this type of issue. These "reformers", "viewers with alarm", and "moaners and groaners" will be the unhappy inhabitants of any future Utopia where they will have nothing to complain about. jkb

## WOODSTOCK HISTORICAL SOC. MEMBERSHIP MEETING

The annual meeting of the Woodstock Historical Society will be held Sept. 10 at 7 p. m. at the Elementary School. The program will include slides on covered bridges. The report of the nominating committee will be presented. The Society will soon be commencing its fifth year of operations, and it now has a building open for use during summer months. Society dues should be paid on or as soon after the September meeting as possible. One sage once commented: "Tomorrow is often the busiest day of the year."

The Society is much appreciative of the generosity of all members and supporters in its various undertakings during the past season and looks forward to a very fulfilling new year.

## Walking With Jesus Christ

Knew of a puppy that just loved to have his ears tickled and tummy scratched—grew up as a plaything for the children and, except for that became not worthy of a hoot and a holler—only a potlicker one would say.

Fun to have around but a time came when robbers and Fido romped around as his master's goods were stolen. Was the master's own fault—improper upbringing.

Know of folk today that love to have their ears tickled by preachers—teaching their own brand of do good. Comes the day with the five virgins—Mt. 25:1—who were not ready when the bride groom came and were left behind. But greater will be the punishment of the preacher who fails to plead the blood of Christ as the way to salvation.

But, then there are the Christians who try Christ again—re-hanging him on the cross—by their wanton disregard of God's command—"to love the brotherhood"—fearing not God—they become a snare for others, sheep who have gone astray—occasionally going to Church to have applied a touch of salve to their infectious wounds—rendering evil for evil not following that which is good—even questioning the Holy Spirit in the fellowship of the Saints.

"God hath not appointed us to wrath—having taken us from darkness to Light—for we are sons of the Day, not of the night, nor of darkness." 1 Thess. "But let us, who are of the day, be sober, putting on the breast plate of faith and love, and, for a helmet,

## TELSTAR WINS ROUND ROBIN SOCCER TOURNAMENT

The Telstar varsity soccer team entered play with five other teams in the fifth Goldsmith's Annual Soccer Round Robin Tournament and came away with the championship plaque.

The other five schools involved in the tournament were: second, Lewiston; third, Rumford; fourth, Mt. Abram; fifth, Edward Little, and sixth, St. Doms. Each team had to play each other once in a ten minute game. A winning team was awarded 2 points, each team in a tie was awarded 1 point, and each losing team 0 points. By virtue of 2 wins, 0 losses, and 3 ties, Telstar came away with 7 points. Second place (Lewiston), who had won the tournament every other year, was 1-0-4 for 6 points.

The Rebels can be seen in action at home on Sept. 1 with Berlin and Sept. 12 with St. Doms. Both games are at 8:30 p. m.

## VETERANS DAY 1983

The route includes line-up at the Legion Hall, Gore Road, up Main Street to the Locke Mills Food Center, cross over to East Bethel Road, turn right and return to the Legion Hall. ## UNITED METHODIST WOMEN TO MEET SEPT. 7

The United Methodist Women will hold their September meeting in the annex, Wednesday, Sept. 7, at 1:30 p. m. Instead of the potluck dinner as planned, there will be guest speakers, Bob and Jane Grover.

The hostesses for the afternoon will be Frances Saunders and Eleanor Parsons.

## the hope of salvation.

Let us examine ourselves, closely—and pray—asking God to reveal our own faults and then ask his forgiveness—it will cost a lot, mostly pride. If we try to legalize our sin—blame faults on others—we're putting ourselves above God and we'll suffer the consequences—if we do continue, we'll cast off all restraint and become a part of the already depraved and corrupt—resulting in utter despair.

Let us look square into the situation—asking God's help to get straightened out.

"Have I not commanded thee? Be strong, and of good courage; be not afraid, neither be thou dismayed; for the Lord thy God is with thee where ever thou goest." 1 Joshua 1-9.

## HEALTH &amp; SERVICE COUNCIL FORM INFANT CAR SEAT PLAN

The Community Services Committee of the Northern Oxford Health and Services Council is making plans for an infant seat program through the Bethel Area Health Center.

The exact details of the program have not been finalized as of yet, but residents of the greater Bethel area will have access to infant seats.

The committee is working to assist with the new state law dealing with mandatory child restraint in automobiles which goes into effect in September.

If anyone has a car seat that they would like to donate to the program, the committee would welcome the donation. Through the efforts of the Bethel Area Health Center's Executive Director, Shirley Powell, there are presently eight seats. The committee hopes to expand that number.

Any suggestions or questions should be directed to Committee members, Merion Brown, Jean Bass, Tracy Mason or Barbara Brooks.

## OLD HOME SUNDAY OBSERVED AT WEST BETHEL CHURCH

Old Home Sunday was observed at the West Bethel Union Church on Aug. 28. Many members and friends from Maine and New Hampshire returned to worship with regular attendants. Welcoming guests on arrival were Ruth and Marilyn Gilbert.

Rev. Rust's sermon was titled "Going Home". Special music was rendered by Nesta Littlefield, Laurie Morse, Virginia Walker, Arthur Head and the girls' choir.

Former pastors attending were Rev. David Samuelson of Gorham, N. H. and Beatrice Burris, Bethel.

Following the service all joined outside at the tables for a picnic dinner and bean hole beans baked by Arthur Gilbert, coffee and punch furnished by the Chapel Aid. A social hour was enjoyed.

The Northern Lights Singers gave a delightful concert in the afternoon which was enjoyed by all present. West Bethel Church friends were happy to have the group sing for this special day.

Many thanks to all who helped make the supper and flea market a success on Saturday.

Next Sunday, Sept. 4, the church will celebrate the sacrament of Holy Communion. Anyone desiring baptism, or to unite with the church, speak to the Pastor or the Deacons, please.

## WOODSTOCK HISTORICAL SOC. JOINS WITH OTHER GROUPS

The Woodstock Historical Society joined with other organizations last week taking tables at the Universalist Church sale in Bryant Pond and Bear River Grange in Newry. Many members turned out to help with these ventures and were pleased to visit with old friends. The financial support was much appreciated.

Donations of objects for the Museum are still coming in, but perhaps the most useful was a set of shelves from the Bethel Opera House donated by George Hooper. They can be used for books or displays for many years to come. All objects given to the Society are gratefully accepted, but these were especially functional.

Other donations have included pictures which are always important to a collection.

Best wishes for a pleasant fall from the officers of the Society and the Museum staff and Curator.

## FIELD HOCKEY SCRIMMAGES

The Oxford Hills Viking Field Hockey squad was held to a 2-2 tie in play with Telstar last Thursday. Chris Davis scored for the Rebels after a Housely score for the Hills. Kilgore scored again in the same period to put the Vikings ahead. Georgia Gould retaliated on a penalty stroke to even the match.

In Saturday's contest with Fryeburg Academy, Telstar put in six goals and prevented the opponent from tallying. Vicki Dyer, scored one; Penny York, two; and Georgia Gould, three. Theresa Wilbur and Dale Robbins assisted on three of the goals. Freshman-new player—Anita Kimball certainly knows the meaning of aggression. Angela Herrick, Amy Otero, Jane Head and Jodey Kimball picked up defensive assignments successfully. Jodie Seidell had three saves while Fryeburg was credited with 11 saves. Suzi Roy and Tracey Kimball shared backfield duties while Darle Witter, Elayna Tate, and Jennifer Moran moved the ball up the field.

## NEW ENGLAND TRAPPERS

**WEEK END** - Last week end the Neil Olson family of East Bethel hosted the annual New England Trappers Week end at their home. Sixteen states and Canada were represented by those present. When it came to the fishing contest for the small fry on Sunday, Mr. Olson insisted that his daughter, Jill, six years old, give the other contestants a five minute head start, which she did. But she won just the same. She pulled out the first fish—a two inch shiner. Apparently none of the 20-inch trout reportedly in the pond were hungry. Shortly after noon on Sunday, Bob Jennings, president of South Central Chapter of Maine Trappers Association, on the left in the above picture, presented

Mr. Olson, right, with a certificate of appreciation for his work in planning this annual event.

## COUNTY SHERIFF SAYS

**SUMMER NEARLY OVER - GET READY FOR WINTER**

Summer and the vacation season are fast drawing to a close and thousands of area summer homes and cottages will be vacated. Oxford County Sheriff Alton Howe urges these property owners to allow sufficient time to apply a few checks, to properly secure their property against weather and intrusion by animals and human beings.

The roof should be checked for leaks; the edges to make sure they are properly nailed down; the chimney for loose mortar, that would indicate it could become a victim of high winds. The chimney opening should be covered with a screen or cover, to prevent birds and rodents from getting into the cottage. These creatures can be just as destructive as human vandals.

A check of floors, wall bases, etc., should be made for holes that would provide entry to rats, mice and other members of the rodent family.

Door and window locks should be in working condition; broken window panes should be replaced. Sheriff Howe stated the crime of burglary and theft is still the Number One property crime in Oxford County; property owners should make every effort to apply preventive measures against burglary and theft.

Valuable articles that are small in size, should be taken home, placed in a bank vault or left with relatives and/or friends in the area. Firearms and liquor should always be removed from the cottage at the close of the season. To leave these items on the premises is an invitation to burglars. Wood stoves are still a prime target; grates and stove covers should be taken home. An incomplete stove is less likely to be stolen. Property left in the summer residence should be inventoried, room by room; a copy of the inventory should be left with a relative or friend in the immediate area. The items left should be marked with the owner's mark, be it his date of birth, operator's license number, etc.; it is very important that the owner be able to positively identify his property if it is stolen and recovered. Special attention should be given to antiques; antiques should be photographed in color; marked for identification with an engraving tool or with invisible ink. The owner should be sure to record where on each item he placed his mark, especially if he used an invisible ink. A set of the photographs and a copy of the inventory are usually left with the area relative, friend or caretaker. The Sheriff stressed the importance of having these items available should a burglary and theft occur. An area relative, friend or caretaker to check on the property is a good investment, the Sheriff stated. This could be done on a regular basis to provide a greater degree of protection from intruders.

## NEWS FROM THE UNITARIAN-UNIVERSALIST CHURCH AT BRYANT POND

A former Bryant Pond teacher will return as visiting minister to the Bryant Pond Unitarian-Universalist Church on Sunday, Sept. 4, for a 9 a. m. service. The sermon will be "Making Contact".

He attended the Starr King School for the Ministry and received a Master of Divinity degree in 1962. Midway through his theological course, he returned to the East and taught school for a year in Bryant Pond. He's been president of the Minister's Association for both the Pacific Northwest District and the Mass. Bay District. He's also been active in American Civil Liberties Union Chapters and worked as a volunteer chaplain at a Chemical Dependency Unit in Louisiana.

fully checked, etc; water system shut off and properly drained, including bathroom facilities; porch and lawn furniture stored; electrical power to cottage shut off at the fuse box; the exit door is locked and checked. Out buildings, if any, should be checked.

With the end of the summer vacation season comes the reopening of school; hundreds of children will be on our streets and roads. Motorists must remain themselves that school is open and exercise greater caution in vehicle operation.

Sheriff Howe stated particular attention is directed to the laws regarding school buses and crosswalks.

**Stopped School Buses:** The operator of a vehicle on a way or on school property, upon meeting or overtaking a school bus from either direction which has stopped, with its red lights flashing, on the way to receive or discharge school children, shall stop the vehicle before reaching the school bus and the operator shall not proceed until the school bus resumes motion or until signaled by the school bus operator to proceed.

**Crosswalks:** The pedestrian has the right of way, slowing or stopping if need be to so yield, to a pedestrian crossing the roadway within a crosswalk when the pedestrian is upon the half of the roadway upon which the vehicle is traveling or when the pedestrian is approaching so closely from the opposite half of the roadway as to be in danger. Sheriff Howe urges all residents to help make Oxford County safe.

## North Paris

— Eveline B. Vatcher, Corres. —  
A new month is about to begin and it brings us nearer to the colder weather. The gardens are being harvested and the cans and jars will fill the shelves down cellar and the freezers are getting full of all those goodies to last us during the winter. The pickles and spices fill the air.

Mr. and Mrs. Joe Kalinowski mailed a check to Eveline Vatcher as a donation to the flea market held Aug. 13 and 14. Thank you.

Mr. and Mrs. Joe Vatcher went to Danvers, Mass., Monday to see Mrs. Fannie Vatcher, Joe's mother. They also called on Robert Vatcher in East Kingston, N. H., also had a few drops of rain.

Our Aug. 27 supper was well attended, but not as well as usual due to a misprint. Instead of reading North Paris, it read North Pond, and a lot of people didn't know where North Pond was. The Community Club members had a surprise 50th anniversary cake to honor Theodore and Charlotte Brett whose anniversary was in April. Also a 60th anniversary cake for Irwin and Lila Ellingwood who will observe their 60th with a party at the Community Hall on Sept. 1.

When we ordered the cakes made by Mrs. James Record we didn't know about the party. Mr. and Mrs. Brett were not present to receive their cake, so Mr. and Mrs. Joe Vatcher took it to them. The cakes were identical, frosted white and yellow and a bouquet of yellow and orange silk flowers, clustered on one side. When the hall was

rebuilt in 1923, Irwin and Lila Ellingwood held their wedding reception there. Congratulations and best wishes to the two happy couples.

Robert Anderson, Burlington, Mass., and Mike Fucarile, Woburn, Mass., were at Anderson's trailer Tuesday and Wednesday.

Mr. and Mrs. Joe Kalinowski of Portland, Conn., came to their "Big Rock" farm Friday evening for two weeks. Stanley Ukelele drove the truck up Sunday and brought the dog doc. He went back home Wednesday on his motorcycle. We were glad to see them all and sincerely hope that the mountain air will be good for Laura. It has been very hot in Connecticut the past few weeks.

Mr. and Mrs. Earle Newton, Mechanic Falls, called on the Vatchers Wednesday P. M., they were on their way to have supper with Mr. and Mrs. Marlan Abbott.

Mr. and Mrs. Newton of Paris Hill were visiting at the home of Mr. and Mrs. Marlan Abbott, Saturday, so they came to the supper at the hall and brought their twins, three months old, and they sure got the attention of all. One is a boy and one is a girl, very cute.

Many mothers will be happy when the yellow buses start rolling and they will appreciate a few hours of peace and quiet.

## B.E.A.R.S.

(Bethel Emergency Ambulance & Rescue Service)

The B.E.A.R.S. are dedicated to providing Bethel area citizens the best level of emergency ambulance and rescue service possible. To continue this level of sustained performance, the B.E.A.R.S. are seeking new members.

We would like to take this opportunity to tell you all about what being a member of the B.E.A.R.S. mean and what you would have to do to become a member.

As you know, many of the old members will be leaving for various reasons. Two members have gone on to school already.

The B.E.A.R.S. is a volunteer ambulance service. It has also recently become a new department of the town. We're not quitters, nor are we threatening to quit in any way BUT we do need help in order to continue the 24 hour a day coverage we now provide you. For example, it takes four people to cover a 24 hour shift. Two from 6 a. m. to 6 p. m. Two more to cover from 6 p. m. to 6 a. m. For one week, it takes 28 people. We presently have 16 people taking duty. Of these 16, two are trainees and one a driver. Our goal in our membership drive is at least 28 active members.

To become an active member of the B.E.A.R.S. you would have to take an Advanced First Aid Course—C.P.R. and a session on suctioning and oxygen. This will take 17 weeks, one night a week from 7 to 10 p. m., usually on Tuesday nights. At the end of the course you will have to take a written and practical examination over the course. Then a state written and practical exam to be licensed as an Ambulance Attendant.

Being a B.E.A.R.S. member can be a rewarding experience. You're called upon to save or help in saving lives of the sick or injured. It's a good feeling to know you helped in some way in making a sick person more comfortable or saved a life. Anyone has to have the patience and willingness to do for others. You should be of sound mind and body and without a substance abuse problem.

It's very rewarding to know you're out there trying to save lives instead of just watching a small number of people doing a very large job.

Sometimes it gets very hectic, but it's worth every minute you put into it. There are times when you have fun at meetings, etc. It's not all work, no play. The pay is not all work, no play. The pay is only paid for the calls you do on the ambulance. If you respond to

**GOODWIN'S INC.**  
INSURANCE

Tel. 743-3363

help at the scene, but do not accompany the ambulance at the hospital you do not get paid.

You may not get a call for three or four days, but the idea you're there ready if needed gives you a feeling of satisfaction. You would not be tied to a telephone or your home. We have pagers which deliver the message to you when you have a call. You should remain within a reasonable distance of the S.A.D. 44 bus garage where the ambulance is housed.

We hope this gives you the courage to take the First Aid course and the incentive to join us. Even if you could only take a day or a night a month on duty, it would sure help us in keeping the B.E.A.R.S. active in the Bethel Area.

An Advanced First Aid Course will start in September to be held at the bus garage. Contact Adult Education at Telstar to enroll. This is a high school credit. If you have any questions, please feel free to ask any member of the B.E.A.R.S.

**NEWS FROM ADULT AND COMMUNITY EDUCATION**

The S.A.D. 44 Adult and Community Education program will be affiliated again this year with the Central Oxford County Adult Basic Education Program, which is composed of the S.A.D. 44 and S.A.D. 17 school districts. The Adult Basic Education program allows adult literacy services to be delivered to both areas, avoiding duplication in administration. Linda Tertell will continue as supervisor of the joint program, working closely with Adult and Community Education Directors Judy Green at S.A.D. 44, and Cathy Newell at S.A.D. 17. Literacy services include individual tutoring for adults in reading, math and life-skills, which may be provided in the student's home, or a convenient community or school setting. All such tutoring is free and confidential. Other adults receive help with reading, writing or math skills in small group classes scheduled as part of the Adult Learning Centers at Telstar and Oxford Hills High Schools, or at community locations. GED preparation is also included as part of these classes. There is no charge for the instruction at the small group classes.

The Central Oxford County Adult Basic Education program relies on volunteer help provided by members of Literacy Volunteers in the Bethel and South Paris areas. Several training sessions for Literacy Volunteers and Adult Basic Education staff are conducted each year. Anyone who would like information about joining Literacy Volunteers should contact Ms. Hertell at 824-2136 or 743-8842.

Adults who would like information about literacy tutoring should contact the Adult and Community Education program in their area. Community agencies or employers who might be interested in services for their clients or employees are also encouraged to call 824-2136 or 743-8842.

## LABOR DAY WEEK END MEANS HEAVY TRAFFIC

The three-day Labor Day week end means that vacations are just about over for most people in Maine, and thousands will be moving homeward, many to another state. The Maine Highway Safety Committee advises that traffic on the roads is bad enough during any holiday period, but it's worse over Labor Day. Heavy traffic causes many drivers to become irritable and out of sorts; some are tired; some have been drinking too much; and with some it's all three.

The Committee urges some advance planning which is necessary to accomplish a smooth, trouble-free trip. Give yourself plenty of time to allow for heavy traffic which can slow you down; make sure your vehicle is in top mechanical condition with tires properly inflated and the radiator adequately filled; windshield wipers, brakes, headlights and stop lights should be checked; belts and hoses secure and in good shape. Everyone should be well rested, and planning should allow for frequent stops.

Drivers must be especially alert
